## OBJECTIVE

---

Motivated BCA student with strong proficiency in MERN stack development and Data Structures Algorithms (DSA). Proven track record in competitive hackathons and innovative IoT projects. Seeking to leverage my technical and interpersonal skills in a dynamic organization that values growth and continuous learning.

## EXPERIENCE

---

### MERN Developer

May 2024 - June 2024

Spechbits

*Punjab, Mohali*

- Collaborated with a team of senior developers to enhance code quality through rigorous code reviews and testing.
- Improved code quality and performance through collaboration with senior developers.
- Participated in daily stand-ups and sprint planning sessions, contributing to efficient agile workflows.

## EDUCATION

---

### Chandigarh University

Expected 2025

Bachelor of Computer Applications (BCA) - 7.54 CGPA

## SKILLS

---

**Technical Skills:** C++(DSA) , JavaScript

**Web Development:** HTML, CSS , JavaScript React.js, Node.js

**Tools:** Git, GitHub

**Soft Skills:** Team Collaboration, Problem-Solving, Effective Communication, Time Management

## CERTIFICATIONS

---

- MERN Stack Development
- Data Structures Algorithms (DSA)
- Internet of Things (IoT)

## PROJECTS

---

### IoT Smart Home System

Developed using Raspberry Pi, MQTT. Secured 2nd place in a college hackathon.

### Basic Projects

Built with HTML, CSS, and JavaScript.

### Real-time Chat Application

Created using Node.js, Express, and Socket.io for real-time communication between users. Implemented user authentication and message storage with MongoDB.

## ACHIEVEMENTS

---

- Participated in multiple hackathons, demonstrating quick problem-solving and effective teamwork.
- Participated in coding competitions and workshops.
- Awarded 2nd position in a college-level hackathon for an IoT-based project.
